Introduction

This guide provides complete planting plans for seven bedding themes suited to Chilterns gardens: Cotswold, cottage, Mediterranean, pollinator, vintage botanical, traditional English, and wildflower. Each plan includes plant lists, quantities, spacing, colour schemes, and seasonal timing.

Cottage garden theme

Classic mixed border with hollyhocks, delphiniums, lupins, foxgloves, roses, and hardy geraniums. Plant in drifts of 3-5. Height range: 30cm-1.5m. Flowering: June-September. Soil: any reasonable garden soil, pH 6.0-7.5. Spacing: 40-60cm between plants.

Mediterranean theme

Drought-tolerant scheme for chalk soils: lavender, rosemary, salvia, cistus, phlomis, artemisia, and ornamental grasses. Height range: 40cm-1m. Flowering: May-August. Soil: well-drained, pH 6.5-8.0. Spacing: 50-80cm. Mulch with gravel, not bark.

Pollinator theme

Nectar-rich planting for bees and butterflies: lavender, echinacea, rudbeckia, verbena bonariensis, agastache, sedum, and single-flowered dahlias. Height range: 30cm-1.2m. Flowering: June-October. Avoid double flowers - they produce no nectar.

About CGM

Chiltern Garden Maintenance (CGM) operates across Oxfordshire, Buckinghamshire, Berkshire and Bedfordshire. We deliver garden clearance, regular maintenance, lawn recovery, hedge cutting, fencing, soft landscaping, pressure washing, garden design and garden analysis reports.
